LNG EXPORT PROJECTS UPDATES ON ACCESS TO INTERNATIONAL MARKETS: KITSAULT ENERGY

KRISHNAN SUTHANTHIRAN
FOUNDER PRESIDENT,
KITSAULT ENERGY

ABOUT KRISHNAN SUTHANTHIRAN FOUNDER & PRESIDENT OF KITSAULT ENERGY AND TEAMBEST COMPANIES

Krishnan Suthanthiran immigrated to Canada from India in September 1969 after graduating with a Bachelor's Degree in Mechanical Engineering from University of Madras, India, to pursue his Master's Degree in Mechanical Engineering at Carleton University, Ottawa, Ontario, Canada. He arrived with a total of 400 Canadian Dollars. Subsequently, he received a National Research Council of Canada Research Assistantship, and graduated with a Master's Degree in 1971. Having lost his father to cancer while he was an undergraduate student in engineering, he has dedicated his career to cancer prevention, early detection and effective treatment for the Total Cure. He moved to the United States in 1972 and worked as an Engineer Physicist at Howard University Hospital in Washington, DC, USA until 1978. Since then he has founded and invested globally many millions of USD in medical, real estate, construction, entertainment, and energy companies. He founded and currently is supporting a few non-profit charitable foundations to promote quality education and healthcare and making them affordable and accessible. He is pursuing a goal of providing purified drinking water and affordable sewer systems in every part of the world. He has contributed substantially to setting up endowed chair and endowments for scholarships. Also, he has provided significant funding to support medical research and treatment by partnering with academic centers, national labs, and hospitals globally.

“Health is Wealth; A healthy person has many wishes, but the sick person has only one.”

– Krish Suthanthiran

"Life is a gift from our parents. We are born to live, enjoy and cherish our gift. We can look at every obstacle as an opportunity or every opportunity as an obstacle. Who we are, what we are, and where we are, have a lot to do with the choices we made, and the ones we did not. Our career and the contributions to the society are the outcome of what we do with our gift from our parents."

– Krish Suthanthiran

I met a young man last weekend at a conference in Chicago, USA.

I asked him one question. "What is the secret, that you are so fit, trim, and handsome?" I want to share his answer with you.

He said that many years ago he learned that there are four things in his life that are very important to him. So, he decided to allocate time every day in his life, a certain amount of time for each. A. Health B. Family C. Work and D. Community. He spends each day walking or exercising. He eats only vegetarian food. He spends time with family and allocates time for community service. He takes his work seriously and is very dedicated.

An aerial photograph showing a coastal town nestled in a valley, surrounded by dense green forests. A large body of water, likely a bay or fjord, is visible to the right, with a winding road and residential buildings leading down to the water's edge.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

5. It has Deep Water for Port and navigation of Tankers, Barges, Ships, etc.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

6. Sufficient land for FLNG, Land Based LNG, Port, Export Terminal, and other infrastructure.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

7. It will save two to three years in project planning, construction of pipelines and other facilities.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

8. A project using Kitsault, can save as much as 5 Billion USD from the total cost of the project.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

9. The pipeline can be shorter by 100 to 200 kilometers, and savings on this alone can be 1 to 3 Billion USD in cost and 1 or more years of time.

———— SPECTRA ENERGY NATURAL GAS PIPELINE SYSTEM

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

10. Kitsault is a privately owned Fee Simple Property, with 350 acres of land. Additionally, many thousands of acres of land are available if needed.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

11. Kitsault is located in the Regional District and not a Municipality. Therefore, industrial and other taxes will be lower with potential savings of hundreds of millions USD or more per year in taxes alone.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

12. Kitsault used to be a Molybdenum (used for strengthening steel) Mine, and as a result, extensive environmental assessment has been performed for the site itself as recently as 2012.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

13. The pipeline from Northeast B.C. to Kitsault will have the **least environmental impact** because it will be along less populated Crown Land and some First Nation's land with little variation in elevation.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

14. From Kitsault's Export Terminal, the Tankers, Barges and Ships can enter the ocean quickly without experiencing any congestion from navigation related to other traffic such as containers or grain loading and unloading as in other ports.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

16. A Dedicated Energy Corridor and Export Energy Terminal at Kitsault will have a tremendous future for other expansion plans benefitting British Columbia, all of Canada and Asia.

ADVANTAGES OF KITSAULT ENERGY AS A DEDICATED ENERGY CORRIDOR AND EXPORT TERMINAL

17. Investments will be made for First Nations communities for purified drinking water, sewer systems, healthcare, education, job training, jobs, and housing. Kitsault Energy alongside Best Global Talent Agency and Best Cure Foundation are eager to participate proactively in partnership with First Nations.

Best Cure FOUNDATION

Best Cure Foundation is a 501(c)(3) US non-profit organization committed to making quality healthcare and education affordable and accessible globally. The launch of the Total Health™ Program is a pioneering effort to focus on Best Cure's goal – prevention, early detection, and effective treatment to achieve total cure.

Best Cure FOUNDATION

Best Cure Foundation was established in the Commonwealth of Virginia, USA in 2007 as a non-profit entity to promote healthcare and education globally. The purpose of the foundation is to work with citizens, medical professionals, government and non-government organizations and educational institutions, as well as charitable institutions around the world, to eradicate contagious disease, malnutrition and poverty, and provide superior healthcare at low cost. Everyone deserves the best healthcare. Education is the most effective way to eliminate poverty and promote global understanding and peace.

KITSAULTENERGY.COM

The **Best Global Talent Agency** was established recently to meet the growing need of various industries for a highly trained and skilled labor force, and to provide training to Aboriginal First Nations Communities and others for high paying jobs. Best Global Talent Agency is a center for excellence for education and training.
